This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor creases and discoloration, characteristic of old paper. The page is oriented vertically and occupies the right half of the frame. The left half of the frame shows a dark, textured binding material, possibly leather or cloth, which is slightly worn and has a vertical crease running down the center. The overall lighting is soft and even, highlighting the texture of the paper and the binding.

Steel expansion and contraction of.....	538	Baggage label.....	202	Cast iron made into bar iron.....	141	Corn sheller.....12, 43, 59, 140, 204, 219,	Edge plane.....	24
